JOSIAH TURNER, Jr., EDITOR.

A NEW WAY OF TAKING WATER ON RAILROADS.

A novel method of supplying locomotives with water while in motion, which has been for some time in use in England, is about to be introduced in this country.—It has already been experimented on by the Hudson River Railroad Company, and with the greatest success.

Recently, at Montrose Station, near Peekskill, there was constructed in the centre of the track, a trough, 1,200 feet in length, fifteen inches in depth and eighteen inches wide. This was lined with sheet iron, heavily painted. The trough is perfectly straight will hold 16,000 gallons of water, and is fed by a couple of springs to the north and east of it.

About the same time that the construction of the trough was commenced, locomotive No, 43 was taken to the repair shop. Here, in a quiet manner, skillful workmen in a short time fitted her out with ingeniously constructed machinery, connected with her tender, to draw the water from the trough.—From the man-hole in the tender, down through the latter to a position inside of the hind trucks, runs an ingeniously-formed pipe. The pipe curls as it leaves the man hole, and after forming a half circle, is fitted with a nozzle at its end, which always points the way the engine is going. An iron bar is fastened to the nozzle, which connects with another bar from a point near the fireman's box. When the locomotive approaches the trough, the nozzle can be dropped instantaneously into the water, while the train is running thirty miles an hour. The nozzle sinks only to the depth of two inches into the trough, yet when the 1,200 feet are passed over 1,634 gallons of water will have been drawn into the tender.

The first experiments in taking water by this new method were made a few days ago. The locomotive dashed over the rails at the rate of thirty five miles an hour. As the nozzle struck the water the fluid rushed into the tender with the roar of a young Niagara, and when the trough was left behind, the, tender was full. The experiment was a great success, and gave complete satisfaction to the officers of the Hudson River railroad company.—*N. Y. Times.*

THE PICKLED WATCH.

The other day we met Wiggins, and he had a silver cased watch—hunting case at that. We had known Wiggins five and twenty years and never knew him to carry a watch before. We asked him where he got it. He gave us a nod and a leer and said that he would tell us.

"Last fall," he commenced, "I killed the old brindle cow, and put the best part of her into the beef barrel. She was fat, and the beef was nice; and I had nigh onto a full barrel. I did not want to make it very salt, so I set it out in the shed, where the frost might touch it and keep it; and you'd believe it made good eating.

"One day my wife says to me—says she: 'Wiggins, pears to me our beef is going very fast.' I went and looked, and sure enough, it was going—going rather faster'n I though it ought to. I've noticed it lowering unaccountably this long time,' said my wife. 'Somebody is stealing it.—Why don't ye set a trap?'

"But my neighbors were all good hearted kind of folks, though one or two of 'em might be just a little inclined to poke round where they didn't belong, and I didn't want to hurt 'em. I concluded howsomever, that it would be best to put the barrel, with what little beef was left down cellar, and I did it.

"Well, when the beef was all used up, and I went to clean out the barrel, I found this watch in the pickle. It looked to me like Tom Sherman's watch. Tom had worked for me considerable, and I had seen him have the watch, or one very much like it. When I saw Tom I showed him the watch, and he said right off it was his.

"How did ye lose it?" said I.

"I carried it in my pocket without any chain and must have dropped it out when I was stooping," said he.

"Well," said I, "then ye must have been stooping over my beef barrel, for I found it in the pickle!"

"With that Tom looked kind of sheepish; and I guess he saw the twinkle in my eye."

"Let me look at that there watch again," said he.

He looked at it a little while and then he handed it back to me.

"On the whole, Mr. Wiggins," said he, "I guess that ain't my watch, arter all. It must belong to somebody else." And with that he walked off.

"I carried the watch to our jeweler, and he found that the case had shut so tight that the works hadn't been pickled a bit; and for a dollar he cleaned it up in good shape, and set it a running. It's a first-rate time keeper, and I reckon whoever took my beef paid all it was worth.

There is to be this year a great Protestant Ecumenical Council in New York city—something that has been thought of for some time. An exchange, alluding to this meeting of the Christian churches, says:

"In September there is to assemble at New York, from all parts of the world, and representing, at least by adhesion, every Christian denomination, without any exception but the Roman Catholic, a great convention for the discussion of questions respecting Christianity and the promotion of fellowship among the various sects. Some of the most distinguished men of Christendom will attend, with elaborate papers to read, touching all the aspects of man's transcendant interests, in their connection with the times. It is expected that more than two thousand delegates will be present. The programme has all been arranged and published; the subjects divided and specialized, and each committed to some individual of distinction therein, before the world of literature and science. They disclaim all purpose of making the great Council of Rome the objective point of this extensive movement. They declare, and truly, that this assembly has been the fruit of efforts gradually prevailing that began many years before the Holy Father signified his pontifical will.—Nevertheless, the contrast cannot fail to awaken an extraordinary interest in both as constituting the great religious event of the age—an issue joined, on a vast and august scale, in the persons, on both sides, of most venerable and able men, between the past and future of the religious mind of man."

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those are finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to service, and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

CENTRAL COMMITTEE'S ADDRESS.

We publish to-day an Address to the people of the State, issued by the Conservative Central Executive Committee. This Address is well suited to the time and circumstances which mark the present state of affairs by which we are surrounded.

The Address is calm, dignified and fruthful, and appeals to the judgment, and not the passions of the people. We hope it will be seen, read and considered by every man in the State, white or colored, Conservative or Republican, and to this end we would recommend that our candidates throughout the State will read it from the stump during the campaign.

We shall strike off a large number of extras of this Address for distribution; candidates desiring them will please send in their orders, after Tuesday next.

DECLINES.

It will be seen from the following letter to the Chairman of the County Conservative Convention, that R. H. Jones, Esq., finds it out of his power to accept the nomination as candidate for the House of Representatives. This will be much regretted by the many friends of Mr. Jones, as well as by the Conservative party throughout the county.

CARY, July 2nd, 1870.

M. A. BLEDSOE, Esq.—DEAR SIR: Yours of the 1st inst. was received this morning, notifying me that I had been nominated by the Conservative County Convention of the 18th ult., as one of its candidates for the House of Representatives in the approaching Legislature, which I hasten to answer.

I regret, very much, that circumstances place it out of my power to comply with the request of my political and personal friends, by accepting the nomination, believing, as I do, that no citizen has a right, under ordinary circumstances, to withhold his services when called upon by his fellow citizens. I must, therefore, respectfully decline the nomination, tendering to you, as its chairman; and through you to the Convention, my warmest thanks for this, another manifestation of the unmerited kindness and partiality of my fellow citizens.

Very respectfully and
Truly, yours, &c.,
R. H. JONES.

In consequence of the non-acceptance of the nomination by Mr. Jones, it has been suggested that there be a meeting of the former delegates appointed by the different townships to the County Convention, held in Raleigh on Saturday July 16th, to supply the vacancy, and attend to other important matters.

We therefore, in the absence of a County Executive Committee, and at the suggestion of many friends, notify the former delegates to the County Convention to meet in Raleigh on Saturday 16th inst.—Let the notice be circulated as extensively as possible that there may be a full attendance.

Two companies of U. S. Infantry reached Hillsboro on Wednesday morning, bound for Yanceyville and Roxborough.

PROSPECTS OF THE CONSERVATIVE PARTY.

A friend asked us recently why we did not exult, as the signs of the times fully justified, at the prospect of a great Conservative victory in the coming election. We told our friend that was not necessary, and that it ill accorded with our dispositions, but that we could easily say what we thought about the election, basing our opinion on facts that must be apparent to all.

At the adjournment of the last session of the General Assembly, we thought that the Radicals, in the next election, would be able to carry twelve, perhaps thirteen, Senatorial districts. This opinion was based on the then apparent fact that the party had in a great manner, fallen to pieces. Dewease, who, next to Holden and Littlefield, was the Ajax of the party, had been disgraced and expelled from Congress. The *Standard* had denounced the honest men of the party, such as Gen. Dockery and other Republicans of his type; it had also denounced the Legislature, *en mass*, excepting only a few of the most unprincipled carpet bag members, known to be the most corrupt of the body.

The State had been robbed as openly as if Capt. Kidd had met Treasurer Dave on the Capitol Square and taken his bonds from him.

The silence of the Governor while this robbery was going on for eighteen months, satisfied every reflecting man in the State that he was working in hearty co operation with his Railroad Presidents.

The Governor, through his Directory, made Littlefield and Swepson Presidents of the Western Division of the Western N. C. Railroad; he could have had them removed at any moment, but he did not—He and they then worked, and are to this day working harmoniously together. *They went to New York together.* A large amount of Western Railroad bonds was there discovered, (if, indeed, it were not known to him before) to have been misappried. He knew it that day, in *Henry Clews & Co's.* office; he knows it yet, but he continues Milton Swindler Littlefield, (as the Rutherford *Star* calls him) an President of the Road, that he may continue to swindle the State.

There are *twenty eight* Senatorial Districts which, we believe, will elect Conservatives, in spite of Holden, Kirk, Clarke and the militia.

In this estimate we do not count Wake and Franklin, which Judge Fowle's friends are confident of carrying. A friend from Franklin also puts down that county as certain for Fowle and Davis.

Neither in the estimate do we include Pitt, the worst carpet-bag ridden county in the State. But Pitt voted Democratic in the Presidential election, and we think it likely she will do the same in the present election.

Wayne is not included in the twenty-eight, although we believe the prospect is good that she will go Conservative.—Brogden was elected before in that county by less than forty votes. He stood so intimately connected with the men that plundered the State, during the last Legislature, that we think that at least forty men in that county have lost confidence in him.

There were many Conservatives in every county of the State who failed to register for the last election, and many who registered failed to vote. In Wake, at least four hundred and eighty who registered failed to vote in the election. We put down thirty of these as colored, although we have never heard of a colored voter who failed to vote.

In the twenty eight districts we have alluded to, the evidences are unmistakably in favor of the success of the Democratic Conservative ticket. The prospect for a majority in the House of Commons is still more certain, if possible.

Our opinion in regard to our success in the coming election is based on other grounds, also.

Holden's administration is more wicked and corrupt than Brownlow's was in Tennessee, and Brownlow's fell. The people sat in judgment on him and condemned him in a most unmistakable manner. In Tennessee, at the last election, there was not a single Senator, and only six Representatives in the House elected. North Carolina is following in the same direction.

When Senator Winslow of Person left the Legislature, on the adjournment, he was heard to say that, with the exception of Welker, not a Republican member of the last Legislature from Wake county to the mountains could, in his opinion, be re-elected, and that his county would go 400 majority against the Republicans in the next election. A gentleman from that county tells us it will go at least 600 against them.

The Governor's brother-in-law, Capt. Harrison, told the Governor that the white men of North Carolina were like caged lions; "they will beat you 30,000 votes," said he, "when they find out their strength."

A well informed gentleman from the mountains tells us that Polk and Mitchell are the only two counties west of the Capitol, that may be counted as Radical in August. But their majority in Polk, at the last election, was only 96; and we should not be surprised that Capt. Whiteside carries Polk; thus leaving Mitchell the only Radical county in the West.

We confidently rely on one fact, namely, that North Carolina has as much abhorrence of dishonesty and oppression as Tennessee, and her people, we believe, will be as quick to set the seal of their condemnation on Holden's administration, as the people of our sister State were theirs on that of the notorious Brownlow.

The Regatta on the Neuse River, at Newbern on the 4th inst., was quite a success. About twenty boats competed for the two prizes, silver cups. The "Sunny South" and "Lady Gray" were the fortunate boats.

TO THE PEOPLE OF NORTH CAROLINA.

When the last Legislature was about to adjourn, the Conservative and Democratic members thereof issued a brief address to the people of the State, so moderate in its tone and so unexceptionable in its character, that the severest partisan scrutiny has not hitherto been able to point out any part of it to which just exception can be taken.

Among other things, it counselled, under all circumstances, obedience to the laws of the land and opposition to violence of every kind and description; and that a redress of grievances was to be properly sought by the people in a change of public servants, by and through the peaceful means of the ballot box only.

That address has been sanctioned and adopted by thousands of our people in primary assemblages, and may be fairly taken as the exponent of the views of the great mass of those who oppose the political party now in power in the State.

That the opponents of the party now in power, have acted up to these professions cannot be truthfully gainsayed. Acts of lawless violence, it is true, have occasionally been committed, but these have been confined to neither of the political parties of the State. They have been owing in a great degree to the state of the times and society in which we live, and doubtless, in no small degree to the misgovernment under which our people have suffered and yet suffer.

With an inefficient State government, known to be wasteful, extravagant and profuse of the public money, beyond the measure of anything hitherto known in the State; enforcing systems and amounts of taxation most oppressive and burthensome, with no returning benefits to the people, to their credit, be it said, that they have generally remained quiet and obedient to the laws and constituted authorities, and have never been more so than in the last few months past.

Notwithstanding this, to the great surprise of many, the Governor of the State, acting as we believe, under evil counsels and for sinister purposes, has thought proper lately, to order the enrolling, equipping and calling into active military State service of a large body of armed soldiery.

Quiet and orderly citizens of whatever shade of political opinion, cannot but have witnessed this extraordinary movement with serious concern. What does it mean? Are these troops to aid the civil authority merely? Hitherto there has been no resistance to that authority in any part of the State, and we cannot and do not believe that armed men and especially in such numbers, are needed for any such purpose.

Is martial law to be virtually declared, the writ of *habeas corpus* suspended and the person and property of every citizen placed at the mercy of armed men, clothed with power and having no inclination to respect the rights of others? From what appears in the Governor's organ, the *Standard*, these things are not only to be inferred, but seem to be justified.

But, by what authority of law, we beg to ask, does our Governor do these things?—We are not aware of any. And if *he* violates the law how can he expect others to observe it?

In every point of view, this grand military movement is mischievous. It will entail an enormous expense upon our already overtaxed people, and instead of preserving, will seriously endanger the public peace. In a word, it is sheer usurpation of power, which, in better days, no Governor of the State would have dared to assume. The time, too, is most inopportune. An important election is near at hand. It is more than suspected that these armed men are to be used in some way to overawe the people and control the ensuing elections. We do not undertake to assert that such is the case, though it is believed by many of the best and most orderly citizens of the State to be true, and many circumstances are coming to light day after day, indicating some such design. But, if in fact, no such wicked design exists on the part of those high in authority, what guaranty will the people have, that their rights will be respected by their subordinates in command, and by the rank and file of such a force, composed, as it will be, in a great degree, of the very worst *material* in the State?

We submit these matters to the calm consideration of the people of the State.—We believe this military movement is fraught with danger to the peace and good order of the community, and that it endangers the rights and liberties of our people. We call, therefore, upon all reflecting men of every party, creed and color, to frown it down before further mischief comes of it. We counsel no violence, but let the mischief makers see and be made to know that the rights and liberties of a people are of more value than the mere success, in an election, of a political party or the prolonging of its waning power.

To our own political friends, especially, in these trying times, we would again counsel peace, quiet, forbearance and obedience to the law of the land. Let no provocation, if it can possibly be avoided, drive you into any violent measures to redress your wrongs. The peaceful means of the ballot box are yours, and, if exercised as they should be, they will afford ample redress for the grievances under which you now labor. These means you have a right to exercise, quietly, but freely and independently, and we trust that you will not fail to do so, unawed by the frowns of power, and unmoved by its threats. If this is done we think you may confidently rely upon success at the coming election, and thereby secure a restoration, at no distant day, of peace, good order and a greater state of prosperity to the people of the State.

A white boy named Legant was lodged in the Hillsboro jail a few days ago charged with stealing a horse from a colored man in that county.

"Col." W. J. Clarke, on Monday last, in broad open day light, appeared on the streets of Newbern in full uniform as Colonel of State Troops. The crowds of barking dogs and little yelling boys that gathered around him gave evidence of the admiration which the martial appearance of this hero excited.

KERNERSVILLE, N. C.,
July 2nd, 1870.

Hon. L. P. Olds, Attorney General:

DEAR SIR:—As there seems to be a difference of opinion as to whether there should be an *entirely new Registration* before the August election, will you be kind enough, in order that the question may be settled and uniformity of action established, to give your opinion for the press of the State on the subject? I respectfully solicit an opinion from you, in order that all difficulty may be avoided at an early period.

Very respectfully,
Your obedient servant,
WILLIAM A. ALLEN.

ATTORNEY GENERAL'S OFFICE,
Raleigh, N. C. July 6th, 1870.

William A. Allen, Esq., Attorney at Law:

DEAR SIR:—Yours of the 2nd inst. received, and in compliance I have the honor to reply, that the Registration Acts of 1868, chapter 49 and 59 are to govern in the present election so far as they extend, and they extend this far: the Act of March 26th, 1870, only makes certain minor alterations and additions, to be noticed presently.

Section 6th, chap. 49 (Act of 1868) declares who shall be entitled to vote and preparatory thereto, register. The registration already made under this Act therefore stands good, section 11th providing for removals by electors, these presenting at any other voting place a certificate of their previous registration.

The above leaves only those who *neglected* to register previously, that is, at the registration in 1868; those coming of age who *could not*; with the naturalized and immigrants to appear as electors, whilst section 7th of the same Act (with a very slight alteration now,) together with section 7th of the Act amending, as found in chap. 59 of same date, supply all the main regulations for a fair and full registry and vote.

Hence, with the idea that past registration was to answer as far as it goes, the Secretary of State is directed in the 3rd section, Act 1870, to supply suitable books "when needed," like those before used.

Therefore by comparing the two Acts of 1868, and this of 1870, it is seen what changes are proper, these being very few. The alterations are as follows:

1. The oath of voters is changed from that in the 4 h section of the Act of 1868, to this in the 6 h section of the Act of 1870, and which saving the error of the former Act in requiring a *subscribed* oath as under the 4th section of VI Article of the Constitution, requires it now merely under the 2nd section of the same chapter of the Constitution. This saves time, and avoids the unmeaning ceremony of exacting the oath of an office holder, instead of that of a voter, simply.

2. To save time and the particularity seeming sufficient, section 7th of the Act of 1868 is altered as shown in section 9th of the present law. The oath is not subscribed.

3 Section 13th, new Act, relates to the hours of voting; who to vote in connexion with *registry* evidence, or *otherwise*, which it is well to note expressly, and in its connexion with sections 11th and 13th of the former Act.

4. Section 27th, new Act, is new matter, and should be attended to.

All other portions of the recent Acts relate to certain things therein well defined and making it a fuller and better law, but not bearing on the present enquiry.

It may be well to call attention to the 7th section of the Act of 1868, and the 28th of Act of 1870, and mark as intended.

No *registered* voter shall be challenged on the day of election but those *offering* to register on the day of *election* may be challenged, and every person applying for registration before the election, may be challenged at that time in like manner.

Respectfully,
L. P. OLDS, Attorney General.

For the Sentinel.
WILLIAMSTON, N. C.,
June 25th, 1870.

The citizens of Martin County, in pursuance of notice, assembled in the Court House, in Williamston, at 12 M.

On motion, Wm R. Hyman was called to the chair and Wilson G. Lamb requested to act as Secretary.

Upon request of the Chairman, Dr. J. Edwin Moore explained the object of the meeting to be to make our county nominations, and impressed upon all the importance of zealous co operation, whereby Radicalism would be overthrown and honest competent men would fill the offices disgraced by the present incumbents.

On motion, the chair appointed the following gentlemen to draft resolutions expressive of the sense of the meeting, viz: J. Edwin Moore, Dr. J. B. Godwin, Col. Jas. G. Caraway, A. H. Coffield, Esq., and D. B. Harrison, Esq.

The Committee having retired the Convention, on motion, resolved itself into a Committee of the Whole, and proceeded to ballot for the nominees, with the following result:

For Representative—Geo. H. Gregory.
For County Commissioners—Wm. G Lamb, J. Edwin Peal, J. M. Sherrod, W. H. Everett, Joel Smithwick.
For Register of Deeds—Thos H. Coffield.
For Treasurer—W. H. Carstaphen.
County Surveyor—James E. Moore.

Mr Gregory being present responded to repeated calls, and accepted the nomination in a brief, neat and able speech.

The committee on resolutions reported the following resolutions, which were unanimously adopted:

Resolved, That we approve of the political principles set forth in the address of the Conservative members of the General Assembly and adopt them as our platform in the present campaign.

Resolved, That this meeting endorse the nomination of the Hon. Wm. M. Shipp as the Conservative candidate for Attorney Generalship, and that it approves of the nomination of Major L. C. Latham as our candidate for the Senate, and to the nominees pledge a hearty support."

The Chairman appointed J. Edwin Moore, Dennis Simmons and W. A. Weatherby Esq's., the Executive Committee for the county of Martin.

On motion the thanks of the Convention were tendered the Chairman and Secretary, and the Secretary instructed to furnish the Raleigh SENTINEL a copy of the proceedings of the meeting for publication, and that the Tarboro' *Southerner* and Roanoke *News* be requested to copy. Whereupon the meeting adjourned.

WM. R. HYMAN, Ch'm.
WILSON G. LAMB, Sec'y.

The New Orleans Picayune says:—"Ackerman, the Georgia scalawag whom Grant has nominated for the Attorney Generalship is a lawyer of only second rate abilities, and of limited general reading or acquirements. The late Georgian who filled the position was Judge Berrien, a lawyer of profound ability, varied learning, great industry, and of polished pen and tongue. He was the peer, as he was the associate in the Senate, of Clay, Calhoun, Webster, Crittenden, Badger and Benton. From Berrien to Ackerman is, indeed a fall."

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, *some decidedly lower than* those of the leading Mutual Cash Companies.

The Excelsior issues Policies on *all* the plans of *Mutual* or *Stock* Companies, extending to policy holders, all the really desirable advantages. Its policies being *non-forfeiting*, the Insured are privileged to *live and travel where they please* in any healthy part of the *world*, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and *a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to Stock rates alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an income *for cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

SPEAKING AT LOUISBURG.

There will be public speaking at Louisburg on Saturday next, 9th inst. The County candidates for Franklin will address the people, and we learn that Judge Fowle and Capt. Davis, candidates for the Senate, will also be present.

LAYING THE CORNER STONE.—We go to press in the midst of the ceremonies of laying the corner stone for the new engine house for the Steam Fire Engine of the Rescue Company. It is a very imposing affair.

According to the programme heretofore announced, the Company in full uniform, with their Engine beautifully decorated with flowers, evergreens and flags, drawn by six splendid bay horses, caparisoned, and each backed by a postilion belonging to the Company, marched to the head of Fayetteville street, where they were joined by the Hook and Ladder Company No. 1.

This wide-awake Company, dressed in their neat and pretty new uniform, came up with their truck and Ladders in holiday trim. On the front of the truck was a platform erected, emblematically ornamented, and which attracted the admiration of all beholders.

This platform was bordered by a wreath of flowers and evergreens, and festoons of ribbon, red, white and blue. On the platform were three small chairs, each ornamented in like manner, the drapery, also of red, white and blue. On this drapery on the right of the chairs was the motto, "ONWARD AND UPWARD," on the left, "READY TO SAVE," and behind, "UNION AND PROTECTION," the motto exemplified by the Eagle, the emblem of the Union, overshadowed by the flag, the emblem of protection.

This flag was carried by a little North Carolina boy, seated in the middle chair, supported by two pretty little North Carolina maidens, one on each side of the little boy, and the pleasing sight with the beautiful surroundings called forth loud and prolonged cheers.

This platform and its arrangements were the work, we believe, of Mr. H. T. Clawson, who is always up to something of the sort, on proper occasions.

The two Companies thus joined, continued the procession down Fayetteville street to the site of the new building, on the Court House Square, at which point we must close our notice, as we desire to go to press and get a copy of this issue out in time to be deposited in the corner stone.

The following is a list of the articles to be deposited:

List of the active, associate and honorary members of Rescue Steam Fire Engine Company.

Certified copy of the charter of the Company.

Constitution and By Laws of the Company.

Charter of the city of Raleigh.

Copies of the several newspapers of the city.

And a parchment containing a programme of the ceremonies, and list of articles deposited.

The rest of the proceedings must be given to morrow.

MEETING of the Mechanics Fire Company, No. 2, at the new Engine House, to-night 8½ o'clock, in full uniform. Punctual attendance requested.

TERPSICHOREAN.—Don't forget the pleasant entertainment at Tucker Hall, to-night.

GOING! GOING!—Those beautiful, cheap chromos, lithographs and steelplate pictures are going daily, and soon they will all be gone. If you want to get some of them you had better be quick about it.

GOOD TOBACCO.—Although, like our neighbor round at Farmers' headquarters, we "don't smoke," we are improving in flesh daily, and Pink Hardie attributes it to our chewing his fine fig-pressed tobacco. Whether this be so or not, the tobacco is mild, pleasant, free from taint, and if any tobacco will improve one's health, we are sure that will.

Newbern is a nice place. Little white Sunday School children are assaulted on the streets by negro boys.

Convenient and Simple.—"Brown's BRONCHIAL TROCHES" are a simple and convenient form for administering, in combination, several medicinal substances held in general esteem among physicians in the treatment of Bronchial affections and Coughs. The Troches seldom fail to give relief.

Build up the System.

Strength evaporates fast at this season. This is especially the case with all who live by the sweat of their brow. From every pore of the sieve-like skin a moisture exudes which contains the elements of vitality. Thereby the blood is impoverished, the nerves relaxed, the muscles weakened, the digestion impaired, the bowels disturbed, and the animal spirits depressed. The constant drain that produces these effects cannot be arrested, because it is due to the heat of the atmosphere; but the loss of the life-sustaining elements can be supplied by extra invigoration. Now, therefore, is the time to resort to Hostetter's Stomach Bitters, the most powerful and healthful of all vegetable tonics. Long experience has proved that nothing else will efficiently sustain and regulate the system, when wilting down under the double pressure of excessive heat, and constant physical or mental labor. All persons who have been tempted to try the local "tonics" (so-called) which have been started by sordid speculators in almost every town and village, with a view of "turning a penny" by the credulity of the unwary, know this to their cost. It is a wise maxim that says "hold fast to that which is good." Of the forty millions of people in the United States probably one-fifth have tested the restorative properties of Hostetter's Bitters and know it to be a specific for dyspepsia, biliousness nervous weakness, general debility, constipation, fever and ague, and want of appetite; that any of these should be persuaded to experiment with the worthless nostrums, recommended by unscrupulous and ignorant supporters seems almost incredible.

Wednesday Night Dispatches.

WASHINGTON.

WASHINGTON, July 6.—Revenue over $500,000. Grant returns to-morrow.

Fifty thousand dollars is appropriated for the Arctic exploration. The President appoints the commander and the Secretary of War details two vessels.

Akerman assumes the Attorney Generalship on Friday.

Fish is absent. The report of his resignation is discredited.

The Senate Conference Committee on the funding bill consists of Messrs. Sherman, Sumner and Davis.

The Conference Committee report on the army bill was made special order for to-morrow evening.

The river and harbor bill reported as it came from the House. Sawyer moved an appropriation of $7,500 for Town Creek near Charleston harbor, adopted; also for a survey and examination of Charleston harbor with a view to the removal of obstructions, adopted.

On motion of Abbott, $100,000 was given to the Cape Fear River.

A number of others were adopted, including $17,000 for Bayou Teche. An additional $50,000 for the James River.

The bill finally passed.

During the discussion, Chandler, who had charge of the bill, said it was well known that these obstructions were put in these Southern harbors during the war. We have no report from the Engineers on them, but it is provided for that new surveys are to be made of all these harbors, and until the result of these surveys was known, the estimates could not be made, and it is best to make no appropriations in advance. Of course, if the Senate choose to load down the bill with amendments and kill it, they can do it, but he asked them to stand by the Committee.

The Conference Committee report on the Post office appropriation was adopted.

The Conference Committee on the currency bill reported the bill as adopted by the Senate, except that the issue of new currency is fixed at $4 000 000 instead of 45,000,000; the report was adopted.

HOUSE.—The Committee on Public Lands reported a bill defining the swamp and overflow lands, which provoking much opposition, was postponed to next session.

Dacres from Louisiana, stated that $4,000 was allowed to Judge Bailey who held Governor's certificate of election.

The case of Woods occupied the balance of the day.

VIRGINIA.

RICHMOND, July 6.—Mr. Anderson, an aged merchant of Spottsylvania county, and father of the State Senator from that district, was murdered last night and his store robbed.

NEW YORK.

NEW YORK, July 6.—On Friday the government will receive bids for $2 350,000 of gold, the same being the July dividend on five-twenties of the sinking and special funds. On Monday, the 11th, it will receive proposals for the same amount of five-twenty bonds for investment of proceeds of sales of said gold.

FRANCE.

LONDON, July 6.—The *Morning Post* has a telegram dated at Teintsoin June 25th, giving the particulars of a terrible massacre of christians by the natives of Pekin on the 21st ult. Count DeRochechouart, the French Secretary of Legation and a number of Priests and sisters of mercy, were slaughtered, the cathedral burned and a number of Russians kill.

A well informed correspondent says, that the Prince Leopold of Hohenzollern has formally accepted the Spanish crown. The English Government approves but France still objects.

Thursday Evening Dispatches.

WASHINGTON.

WASHINGTON, July 7.—The House, on motion, adhered to its amendments to the funding bill, and demanded a Committee of Conference.

The Senate's new amendments were referred to the Committee on Ways and Means.

Pat Woods' case was resumed. Brooks made a point of order that Woods should be present while the Police Court was trying him. Woods was brought to the bar.

Butler's amendment imprisoning Woods until the 4th of March was defeated by a vote of 88 to 99.

The minority report that Woods be returned to the Richmond Hustings Court, was lost by a vote of 51 to 120.

A motion to reconsider the vote rejecting the imprisonment until the 4th of March was made, when, filibustering commenced, which promises to occupy the day.

FOREIGN.

PARIS, July 7.—The Corps Legislatif yesterday had a stormy session. De Grammont stated that it was true that Prim had offered the Spanish throne to Hohenzollern, and that Hohenzollern had accepted, but the Spanish people had not yet pronounced, France had yet to learn the details which hereafore had been conducted secretly. France would persist in neutrality, but under no pretext would allow the Prussian Prince to occupy the Spanish throne. De Grammont hoped that prudence in Germany and wisdom in Spain would avoid extremities. Paris journals unanimously oppose Prim's Hohenzollern project. *Le Pays* an Imperialist journal, cries for war, saying that France has recent diplomatic defeats, as well as Waterloo to avenge, and Frenchmen are ready to take the same road to Jena and Berlin their fathers took. The journals allude to the presence of the Prussian fleet in the Mediterranean.

It is reported that Prim and Topete are inharmonious. Topete prefers Alfonso to Hohenzollern.

It is asserted that the French minister at Berlin has been recalled. At 1 o'clock to-day, Napoleon sent for the Spanish minister and had a long interview.

MADRID, July 7.—The Cortes convenes on the 20th of July.

ST. JOHN'S FEMALE COLLEGE, OXFORD, N. C.

THE FALL SESSION OF THIS INSTITUTION will open the 1st Wednesday in August. Board and the entire English course, per session of 20 weeks, only $90.

Other charges moderate.

Pupils, who take only the English course, will be charged for board and English Tuition $100.

Parents and guardians will find this the cheapest FIRST-CLASS school in the South.

The buildings and grounds are unsurpassed. There are 60 rooms in the main building, with a most commodious and elegant chapel.

Hacks always at Henderson, to take pupils to the College. No charge to pupil for hack hire.

The subscriber begs to return his thanks to the many friends of Kittrell's Springs Female College for the liberal patronage which gave to that institution an unparalleled success. It is due to them that he should assign the following reasons for leaving that location:

1. HE CAN CHEAPER EDUCATION. The property at Kittrell's is too expensive to establish there a permanent school at low rates. The build ings are of wood, requiring constant repairs, more liable to fire, and erected originally as a summer resort.

2. The desire expressed by so many to have Kittrell's Springs again opened as a watering place.

3. The kind and almost irresistible overture, made by the good citizens of Oxford, to come into their midst. Every appliance of the school at Kittrell's, including pianos, furniture, &c., has been moved by these free of all charge.

4. The wide-spread and justly deserved reputation of Oxford for health, refinement, and untiring zeal in behalf of education.

5. The unanimous action of the Board of Directors in placing the College in his charge for ten years.

6. The pupils in attendance at Kittrell's the past session, with scarcely an exception, have been entered for the next session at Oxford, many parents expressing a preference for this location. This fact is most gratifying, and he congratulates himself that his former patrons sustain him with so remarkable a unanimity. He expects, with the help of his former most efficient and accomplished Faculty (all of whom accompany him), to build up in Oxford a permanent and first-class College for young ladies, one that shall be a joy to the State, and an ornament to the south.

This Valuable Family Medicine has been widely and favorably known in our own and foreign countries upwards of

THIRTY YEARS!

It has lost none of its good name by repeated trials, but continues to occupy a prominent position in every family medicine chest.

It is an External and Internal Remedy. For Summer Complaints, or any other form of bowel disease in children or adults, it is an almost certain cure, and has, without doubt, been more successful in curing the various kinds of cholera than any other known remedy, or the most skillful physician. In India, Africa and China, where the dreadful disease is more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates a safe remedy; and while it is a most efficient hand, to give it, we is a perfectly safe medicine, even in unskilful hands. Directions accompany each bottle.

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than TWENTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 6th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

NON-EXPLOSIVE COMBINATION BURNING FLUID
THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!
No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!
EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!
IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.
Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!
No accidents have ever happened with it.
Protected by Copy right for 28 years from May 8th 1868.
The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.
Among the numerous testimonials received read the following:
PHILADELPHIA, March 15th, 1869.
The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

The BROOKLYN LIFE enjoys the highest reputation for judgment of investment, economy of management, and skill and care in the selection of risks,—upon which elements of administration the security of a Life Insurance Corporation depends
The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.
Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.
